

Netmade's aim is to offer to Customers different **advantages** that would be unattainable dealing with a sole company:

A

single

supplier

and

contact

T

ime-to-market reduction for new projects.

Quick

answers

and

maximum

exper

specialization

of each Net business: every company makes available

Transparency and unified **Co-Design** engineering activities during the whole industrialisation project.

High interest towards

Research & Development

highlighted by the constant activity of the

accred

TOP SECRET
